'Special Offer'

A relaxing Sunday Evening Dinner
Cruise
At a reduced cost

This Dinner tour takes in the beautiful sights of Penang along with its latest developments on the Northern coast, allowing you to see various sights of Penang from the sea. We will leisurely cruise past the old port, Gurney Drive, Tikooos Island, Tanjung Bungah Floating Mosque, Batu Ferringi and Teluk Bahang fishing villages on the journey. Weather permitting, following a glimpse of a perfect sunset, we turn round and return along the same route thus giving you the opportunity to again see the sights in a different shade of bright and colourful lights whilst dinner is being served.

However, if the sea is choppy thus making the North side of the island not very conducive, then we will go towards the South side which will bring us under Asia's longest Bridge, taking in the sights of the fish farms nestled along the way, Jerejak Island, the longest Mall in Penang and a glimpse of Penang's busy port before returning to the marina.

An experience for a delightful evening only costs **RM225nett** per person, instead of the normal RM250nett

The cruise requires a minimum no. of 10 people to make the trip viable. The maximum for safety is 16 people.

If you are Single, couples, or groups you may still enquire, as your enquiry may help to make the numbers for a confirmed trip.

This trip is inclusive of the tour, a set dinner and free flow of soft drinks eg. mineral water, Sprite, 100+, Coke and F& N carbonated Orange.
